THE REPUBLICAN STATE TICKET AND PLATFORM.

The Republican State Convention has done its work and done it well. It has presented to the people a ticket and platform upon which every Republican can heartily unite. The platform is fully up to the requirements of the times, and just such a platform as the people have been wanting for many years. There is no uncertain ring about it; every note sounds sharp and clear. It is written in such plain English that there can be but one construction. In short the party reaffirms the cardinal doctrines, and upon State matters declares that there shall be no repeal or modification of the bullion tax law; declares that if a Republican Legislature is elected there shall be legislation upon fires and freights; declares that "The Chinese Must Go"; and, generally, places the party in full accord with the wants of the people. It is a glorious declaration of principles, and the character of the men nominated is the best evidence that it will be lived up to in its entirety.

NOMINEE FOR CONGRESS.
R. M. Daggett is the nominee for Congress. Probably no man in the State is so well known as Daggett. His name is inseparable from the *Enterprise*. He is acknowledged the best newspaper writer on the coast. He is a man among men, a giant in intellect, sharp in debate, has a great warm heart, and as a Republican stands at the head of the list. No man is entitled to more from the people of this State. He would be a representative of the whole State. No corporation collar covers his neck, nobody can justly claim him for their own man. He does his own thinking, his own talking, and Right is always uppermost in his mind. It is of vast importance to the country that men of Daggett's stamp should be in Congress. The Nation will be safe with men of his class. We have no doubt of his election, but the majority should be as large as possible.

GOVERNOR KINKADEE.
We call him Governor, for John H. Kinkadee is certain to be at the head of Executive affairs of this State for the next four years; possibly eight. A man of solid worth and integrity; a plebeian, yet bright in all the attributes that endear him to all; honest and capable; warm hearted and generous to a fault; true to his friends; a pioneer of the country; a laboring man; one who believes that Labor should go hand in hand with Capital, yet Labor is to have the benefit of all doubts; a man capable of receiving and entertaining State visitors in a hospitable manner; fully alive to the wants of the masses and determined to protect them; a man without money, in fact poor in this world's goods, yet rich in mind and heart, rich in honesty and integrity. No Republican should fail to vote for him; many Democrats have too much sense to vote against him.

LIEUTENANT GOVERNOR.
Harry R. Nichols, editor of the *Carson Appeal*, the nominee of the party for Lieutenant Governor, also deserves "all of his party, the people and his country." He was a soldier when soldiers were needed, and when not serving in that capacity, has aided his country with his pen, and "The Pen is mightier than the Sword." His experience as Speaker of the Assembly eminently qualifies him to act as President of the Senate.

SECRETARY OF STATE.
J. F. Hallock, of Pioche, will be the next Controller of State. He is thoroughly qualified for the position; his friends declare him a ripe scholar, a true gentleman, and a man certain to be foremost in protecting and looking after the interests of the State.

nominee for the important position of Secretary of State. Mr. Babcock is an accommodating gentleman, and it would be a pleasure to do business with him. Though the office is mostly a clerical one, yet connected to it are important duties which demand that the position shall be filled by one who is fully capable. Babcock is the man.

STATE TREASURER.
L. L. Crockett, of Reno, is the nominee for State Treasurer. The Convention has our thanks for this compliment. Mr. Crockett is a strong man for the position. He is not only a strong man but a good man, and he will have no trouble in giving the necessary bond, even though a million dollars should be required. Mr. Crockett has been identified with the State from its infancy; has held many positions of public and private trust, and has a record second to no other man in the State. We vouch for him as being as good a custodian of the Treasury as could be selected, and we hope his majority will be 5,000.

ATTORNEY GENERAL.
M. A. Murphy, of Aurora, for Attorney General, is warmly endorsed for the position by Judge Hawley and Judge Whitman, a recommendation sufficient to cause all to vote for him. Mr. Murphy has been in Esmeralda since 1863, where he has built up an extensive practice.

SURVEYOR GENERAL.
We again thank the Convention for the compliment paid Reno and Washoe county in the nomination of A. J. Hatch for Surveyor General. Mr. Hatch, we guess, has been a surveyor ever since he was able to carry a chain and handle a compass. For many years he has been Co. Surveyor here, and a U. S. Mineral Deputy, and in that position he surveyed a majority of the lands in this State. His fitness for the position must therefore be conceded.

SUPREME COURT CLERK.
The Convention paid C. F. Bicknell the compliment of a re-nomination. During his present term Mr. Bicknell has shown that he was the right man in the right place. As everybody concurs in this opinion, the Democratic candidate will find that the campaign will proceed as usual should he choose to remain at home.

SUPREME JUDGE.
Hon. Thos. P. Hawley, the present Chief Justice of our Supreme Court, was complimented with the nomination by acclamation. If there is one man above another who is the people's candidate that man is Tom Hawley. A pure man and incorruptible Judge; no money can buy him; no corporation can influence him; a credit to the Bench and a man whom to remove would be a public calamity. Irrespective of party every voter in the State should vote to retain him on the Bench. Our Judiciary should be kept pure, and when we have a Judge like Hawley it should be our first duty to keep him on the Bench.

SUPR. OR PUBLIC INSTRUCTION.
J. D. Hammond is the nominee for Superintendent of Public Instruction, and is in every way qualified for the position; a teacher of long experience; a fine scholar, an eloquent speaker, a true gentleman. Hammond will be an officer who will do the State credit.

Thus the Republicans have presented to the people a list of candidates selected with regard to peculiar fitness for the respective positions, fealty to party, availability, and proper respect to all sections of the State. That the people will endorse the action of the Republican State Convention we do not doubt; neither do we doubt that the best interests of the State will be subserved thereby.

DISTRICT JUDGE, SECOND JUDICIAL DISTRICT.

Charles S. Varian is the Republican candidate for Judge of the 2d Judicial District, composed of the counties of Washoe, Ormsby and Douglas. Mr. Varian is one of the very best lawyers in the District, and is warmly endorsed by the Bar for the position of District Judge. We believe that he would make a good Judge, discharging the duties of the position with fidelity to the true interests of litigants, studying carefully the rights of all, being only actuated by a desire to make a record for himself as a Judge and a man which shall last for all time. This is the more natural for the reason that he is a young man and has the world before him; hence his future is entirely of his own making. His mind is too evenly balanced to intentionally cause him to make any mistakes. There is no question of his competency; his standing as a lawyer in the district, and his position of U. S. District Attorney of Nevada is sufficient recommendation. His interests are all here in Washoe county, and his election as Judge will be a great convenience to this people and the Bar of Washoe county. The complaint has been often made that on account of the Judge living in another county, the interests of Washoe have been often neglected. Now that we have a chance to remedy this evil, if it be one, there should be no further complaint should we fail to do so. Not alone party, not alone pride of county, not alone personal, but every consideration demands that Washoe should do its best for C. S. Varian for District Judge.

THE REPUBLICAN TICKET.

The ticket nominated by the Washoe County Republican Convention is deserving the hearty support of every Republican voter. Take it, generally, and there has never been a better lot of nominees presented to the people, and every man of them will be elected by handsome majorities. From the personnel of the Convention such a good ticket was expected, for the members of that Convention comprised the most intelligent, the active business representative men of the county. The platform is all that could be asked, and will be faithfully adhered to. It goes further than any other platform, in that it pronounces against the remission of the \$125,000 of back taxes due the State from the Bonanza firm; thoroughly sound on National, State and county affairs, the people may be assured it will be maintained.

THE LEGISLATIVE TICKET.
This county needs a wide awake delegation in the Legislature, and if C. C. Powning, Senator, and J. P. Foulks, W. E. Price and E. E. Underwood, Assemblymen, can not secure such legislation as Reno and Washoe county need, no other four men named can be successful. W. E. Price has been there before, and made an excellent member; J. P. Foulks will take front ranks as a worker. He is a "rattler" in the full meaning of the term; Mr. E. E. Underwood is very popular in Washoe; a man of good address, an agreeable talker, one who will make a hard working member. These men will strive for no other purpose than the good of Reno and Washoe county. Every man who favors the re-election of John P. Jones to the United States Senate should vote this Legislative ticket. Their election means four votes for Jones.

SHERIFF.
A. K. Lamb was complimented with a re-nomination for Sheriff. Mr. Lamb has made an excellent officer. Another term he will do even better, for the experience will be a great benefit in a second term. During his incumbency he has been faithful, courageous and honest. No better servant can the people choose.

CLERK.
Mr. C. R. Wickes, the nominee for County Clerk, is thoroughly qualified for the position. He is the present bookkeeper in the Farmers' Co-operative Association store; writes an excellent hand, and keeps everything neat and clean; has always held important clerical positions, and never failed to give complete satisfaction to his employers. The people will find in him an affable, accommodating, competent and honest Clerk.

ASSESSOR.
W. F. Everitt, an honest, hard-working blacksmith, at Haffakers; just, honest, and a general favorite among all acquaintances. He will make a first class Assessor. His long residence in the county will enable him to judge of the proper valuation to put on property, and he will perform the duties of his office in a satisfactory manner.

TREASURER.
D. B. Boyd, of Reno, an excellent man for the responsible position of Treasurer. Dan is an old resident here, and is known by every one. He could get men enough to go on his bonds if he were candidate for any position. He is a thorough business man and will, when elected, keep our money safely and honestly. Everybody knows him and trusts him.

RECORDER.
A young man of unusual ability is R. H. Wright, of Mill. A thorough accountant, he will be able, if successful, to keep the county records in a correct and neat manner. He will be careful and will see that the law backs him in everything. The county would do well to itself by reposing the confidence asked upon Mr. Wright, for he will be all that can be desired.

COMMISSIONER (LONG TERM).
R. H. Kinney, of Glendale, an old resident of this county, and a thorough business man. He is not hasty in conclusions, but will always know that he is right before he goes ahead. He will prove an efficient Commissioner, if elected, and voters can trust the county matters in his hands.

COMMISSIONER (SHORT TERM).
E. Olinghouse, of Wadsworth, is a good man for Commissioner. A man of sound business tact, and a faithful man in every walk of life, he will prove equally as efficient as a County Father. Should he be elected, our county will be particularly fortunate.

DISTRICT ATTORNEY.
John Bowman, of Reno, is a lawyer of years and experience. He, if elected, will make a faithful officer.

His knowledge of the law will enable him to look after the county's interests in a manner which will insure legality, economy and safety. Mr. Bowman would be a faithful attorney for the people.

SUPR. PUBLIC INSTRUCTION.
An important position, well represented in the person of Dr. A. Dawson, of Reno. He is a teacher of long experience, and has always had a great interest in the education of the young. He will be the right man in the right place. The schools of the county will be in good hands when under his supervision.

SURVEYOR.
Don H. Barker can run a line with any surveyor in Nevada, and when he sets a stake, just rest assured it is in the exact spot. Don knows his business perfectly, as his long experience and many surveys will testify.

PUBLIC ADMINISTRATOR.
C. W. Jones has filled this position before and knows its duties, and if elected will prove a satisfactory officer. He will administer upon all estates honestly. An important position with a worthy man nominated for it.

NEWS OF THE MORNING.

The wheelbarrow man reported in San Francisco was a fraud put up to deceive the people.

President Hayes and family yesterday arrived at Winchester, Virginia, to attend the State Fair.

The New Hampshire State Prohibitory Convention yesterday nominated Asa S. Kendall for Governor.

The Bank of France has raised its discount rate from two to three per cent, and its loan rate from three to four per cent.

A financial crisis is troubling England, caused by the failure of the bank City of Glasgow. Banks are failing daily.

A Berlin dispatch says the Porte has warned the press of Constantinople to avoid the expression of anti Russian sentiments, as Turkey is again on the most friendly terms with Russia.

A dispatch from Venice says Count Von Bismarck, a nephew of the German Chancellor, committed suicide at Venice Tuesday by shooting himself with a revolver. The act was caused by physical suffering.

During the gale on Monday last, a large frame church building belonging to the M. E. Society at South Butte, Sutter county, was blown down and completely demolished. The structure was new, having been erected last year and cost \$3,000.

The original Uncle Tom, Rev. Josiah Hansen, saw for the first time Tuesday night the theatrical representation of Uncle Tom's Cabin, at Whitney's Opera House, Detroit. He is a fine looking, healthy man, 90 years old, and will lecture this Fall and Winter.

There is a rumor among the New York newspaper men that at a meeting of the Sun stockholders some days since, Dana was requested to stop the Hayes fraud business or withdraw, and be chose the latter course. This rumor is given for what it is worth, but there has been a decided abatement of the peculiar literature in question in the Sun recently.

A courier arrived from Waterproof, La., Tuesday evening, and reports that 2,500 armed negroes surrounded Waterproof and threatened to burn and sack the town. It is supposed they burned J. Senegae's place on Lake St. John, four miles below Waterproof. A call for armed assistance was made on Natchez, and 100 armed men will leave Natchez on a ferryboat to aid the whites at Waterproof if needed.

OUR COUNTRY'S DANGER.

In scanning the political horizon no telescope is required to discern the situation of the country, no close scrutiny is needed to discover his multifarious and diabolical schemes for disorganizing and disrupting our Government. Schemes to take money from the Treasury in staggering totals for claims and grievances and projects which no man can number, are being hatched and nursed and perfected against the time when they can compel attention. When will that time be? When full away in Congress is given to the party, "solid South"—a South made solid not by honest majorities and free honest voting, but by minorities dominating through crimes against God and man. That solid South, again, as of old, sends up a majority of all the Democratic votes in Congress; it rules the Democratic caucus and must decide the party action whenever it insists. In the House of Representatives there are 40 committees, and already the chairman of 23 of them are ex-Confederates from the South. After next March the South will control the committees of the Senate also. We need not be reminded that committees are all powerful in legislation—more than ever now, because of the overwhelming pressure of business which makes full and open discussion, especially in the House, impossible. Conciliation and reconciliation and concord and peace all around is greatly to be desired, but the men who stood by the flag and prayed for it and fought for it, if they behave themselves, are just as good as those who drenched the land with blood and covered it with mourning, debt and taxes. Those who strove to save the country are as safe legislators and chairmen of committees as those who strove to destroy it. Magnanimity, generosity, and forgiveness, unparalleled in human annals, has been the policy of the nation toward those who sought its overthrow. This is grand, ungodly, Christian; but it may be carried too far. It is not wise for the North, nor wise for the South itself, to hand the Government over bodily to those who were lately in arms against it, and who in many instances now hold seats in Congress gained by stifling elections, by terrorism and bloodshed. It is not wise or just thus to tempt human nature. It is not safe for the inhabitants of the North or of the South. When pestilence smites Southern homes, let the North pour out, as she does now, money and sympathy, never holding back a farthing because it is Southern and not Northern war. This is right. But when taking political action, let us be just to all, not only to ourselves, but to those, whether black or white, to whose protection we are bound by ties which would not be forgotten by an Algerine pirate or a Barbary corsair.

Look at the school laws in Southern States. Look at counties in which Republicans, white and black, are in great majorities, and in which voting places have been reduced in number until those nearest each other are some 25 miles apart—making it impossible for the poor to reach the ballot box. Look at Democratic counties where the voting places have been increased to 30, with an area no greater than Republican counties in which by the same act of legislation the polling places have been reduced to nine.

In the county in which Charleston, S. C., is there is a Republican majority of 8,000, yet at an election not long ago for members of the Legislature, no Republican candidates were nominated—no Republican votes were cast! The fact tells its own story. Look at Mississippi, with a great and confessed Republican majority, ruled by Democrats, the Republican organizations compelled to disband, and the last Republican newspaper given up. Assassinations strike down blameless men and helpless women—families perian by violence; no one is punished, and the officials who connive at murder are re-elected and rewarded for being accomplices in shedding innocent blood. The tragic death of one maiden roused pagan Rome to vengeance, but Americans are very patient when the blood of the Chisholms and others sickens humanity, and justice lays no hand on such frightful butchery. The officials of the United States are shot down and imprisoned for performing their duty, and the whole power of the nation is openly defied.

In the Gulf States majorities are powerless and prostrate, their committees extinct, and they trampled under foot by the men they faced in battle. As in slave days the colored people are counted to swell the number of Southern R-representatives in Congress, but for any other purpose they hardly appear now in the political account.

Taru from this picture to the three free amendments of the Constitution. There they stand, and they declare that such things shall never be. Yet this is the great Republic—the men thus degraded and despoiled are its citizens—they stood by it and fought for it, and are persecuted for its sake—and this is the last quarter of the nineteenth century.

The mission of the Republican party is not yet ended.

Not only do urgent works and duties remain for the future, but work and duty which summon us all to accord, harmony and earnestness.

Putting away side issues and all bickerings and strife, the plain duty of every sincere Republican is to stand by the republic.

Let all men, of whatever party, see the dangers around and before us, and make common whole-hearted cause to avert them.

A FRIEND AT COURT.

Washoe county has been favored with two nominees on the Republican State ticket. A. J. Hatch for Surveyor General and L. L. Crockett for State Treasurer. These gentlemen can be of great service to Washoe county during the sessions of the Legislature in assisting to obtain such local legislation as Washoe county needs. Their acquaintance with members from all parts of the State and their knowledge of State affairs generally, gives them great advantage in this respect. They are also sound on the Railroad, Ballion tax and Chinese questions. Hence it is clearly to the interest of every taxpayer and laboring man in the county to support them at the coming election.

THE TRUE TONE.

"There is no good reason," says the Gold Hill News of Friday evening, "why the Republican party should not sweep the State of Nevada on the 6th of November. The State ticket is one against which a world can be said. It is composed of gentlemen who appeal to the confidence of all classes of voters, both from their social position and their past record. Hitherto Gov. Bradley has been elected by Republican voters, on the score of his extreme honesty. The Democrats have ignored all their principles, as laid down in past platforms, and nominated him for a third term, because they believe that he can carry these Republican voters. He will lose hundreds of Democratic ballots for his inconsistent policy in accepting the nomination, and we fail to see why a single Republican should give him his support. His opponent is a gentleman whose honesty is unquestioned, and he has a great advantage over Bradley, in that he is an educated man who will grace the Governor's office and write his own messages. No Republican can waste his vote on Bradley with such a man as Kincaid at the head of his own ticket. As for the legislative ticket, that may be considered as assured of success. The Republicans are a unit for the return of John P. Jones to the United States Senate, and there are hundreds of Democrats who will support our legislative nominees, because they demand the re-election of Senator Jones. His name at the head of our ticket is a tower of strength which cannot be successfully assailed. The prospects for a clean sweep were never so promising for the Republicans of Nevada as they are to-day. All that is needed is union in the fight. We have the State in our hands by a good majority. Why, then, should we allow it to be controlled by the majority party by refusing to act in concert? Let all Republicans unite this Fall, and realize for once, how blessed it is to dwell in unity together."

It is stated in the French papers that Mr. Edison is to have no reward whatever at the Paris Exhibition for his phonograph. The reasons alleged for this apparent denial of justice are somewhat ridiculous. The jury of the class of instruments of precision declared that the phonograph could not be considered as at all an instrument of precision, but merely a toy; consequently they sent it to the class of telegraphy to be rewarded. But the telegraphists replied that it was of no use whatever in telegraphy, and refused to examine it. The consequence is that the most wonderful invention, properly, in the Exhibition, will be passed by unmentioned and unrewarded.

DEATH OF E. A. CROBIN.—Engene A. Crobin, one of the candidates on the Tilden Electoral ticket in Oregon at the last Presidential election, died in Portland on the 13th after a long and painful illness. Mr. Crobin was one of the prominent and leading attorneys of the State. He came to Portland 12 years ago, and has practiced law constantly. He was 37 years of age, a native of New York, and unmarried. During the recent Electoral madle Mr. Crobin attained much notoriety through his connection with the same.

The principal chiefs of Red Cloud's band of Sioux met Colonel Thornburgh and Major Carlton. The pipe of peace was passed around and good feeling prevailed. Red Cloud said he was getting old, and tired of war, and assured Thornburgh that he would arrest and deliver the fugitive Cheyennes if they should enter his camp. He said that if the Indians saw the flag from the army had been properly treated by their agents there would have been no trouble. The continued loyalty of the Sioux was vouched for and the council was brought to an end.

RAILROAD SINKING FUND.

Judgment against the Central Pacific Railroad Company—Five Per Cent. of the Net Earnings of the United States Treasury.

In the case of Albert Gallatin vs. the Central Pacific Railroad Company, Judge Sawyer of the United States Circuit Court overruled the demurrer to the bill to day, and the defendants declining to answer, judgment was rendered for the plaintiff. The action was brought to restrain the Directors of the Railroad Company from paying a dividend of one per cent. on the capital stock of the Company, on the ground that the Funding Act, commonly known as the "Turnman Act," approved May 7, 1878 provided that the Company should pay five per cent. of its net earnings into the United States Treasury as a Sinking Fund. The act provides that the Company shall pay into the Treasury one half of the money to which they are entitled for services, such as carrying mail, etc., also five per cent. of the net earnings of the Company, or in other words they shall pay \$1,200,000 to the fund on the 1st of February each year, and that they shall not declare nor pay any dividends until such deposit is made. Under this Act it is made a misdemeanor to pay any dividend until the sum named is so deposited, and penalty of \$10,000 and imprisonment of the Directors or others making a dividend, for each offense. Gallatin alleges in his bill that Directors of the Company pretend that the bill is unconstitutional, and hence they go on and declare dividends and attempt to pay them. This was an action in equity brought by a stockholder and the question of the constitutionality of the act is involved. The case will go to the United States Supreme Court at once.—Bulletin, 14th.

TRUCKEE ITEMS.

[Republican, 16th.]
John Moody reports a foot of snow at Meadow Lake Sunday night.

Eighteen inches of snow at Summit, and five inches at Tunnel 13.

A large quantity of Meadow Lake powder and stone coal, awaits shipment at the freight depot.

Sixty two trams were fired off the train between Truckee and Reno, on October this week. Poor day for tramps too.

H. E. Casey has put nine million feet of lumber into Lake Tahoe this season for the Glenbrook Mills of Yerrington & Bliss.

The miners and millmen of Meadow Lake, with few exceptions, have signed and sent a letter to Truckee, of great importance to Chinamen. They request Ab Lok to notify his countrymen in Truckee that if they come to Meadow Lake their lives will not be safe 24 hours. There was one Chinaman took out there, who received a warning which made him flee the camp instantaneously. The signatures to the letter are those of men who undoubtedly mean business.

JOHN TAYLOR, the President of the Presidency of the Fourteen Apostles, said in conference that the Mormons "have a higher and holier law than that of the United States: with ideas more exalted and expensive than any other people; but these ideas do not prevent the Saints obeying the laws of the United States when they are constitutional." In other words, the Saints are to judge, every man for himself, if the laws they wish to break are according to their ideas of constitutionality, and are not to regard laws if their ideas do not agree with such obedience.

In consequence of the recent murder of a Spanish official in Morocco, the liberal journals are actively advocating armed intervention. Official circles are opposed to such action because of the condition of the finances. The Government, however, has ordered several frigates and two iron clads to prepare for sea, and may be forced to intervene by public opinion, which is irritated by the growth of English influences in Morocco.

The only prominent Republican member of the present House of Representatives that was defeated in the elections on Tuesday is Foster of Ohio. There was no special significance in the defeat, the only reason being that his district was so gerrymandered by the last Democratic Legislature that success was well nigh impossible. Gen. Garfield has already put Foster in the field for the next Governorship of Ohio, and says that nothing can prevent his election.

The town of Belleville, Esmeralda County, was almost entirely destroyed by fire on Monday night.

The Manhattan Mining Company have levied an assessment of \$1 per share, amounting to \$30,000, delinquent November 15th. This tax will be a surprise to some, who have been expecting dividends. A little more like Manhattan, that has been promising for \$9,000 to \$10,000, and divided into only 50,000 shares, ought to be able to pay a dividend occasionally. We have heard it rumored that the product of the mine is being stored for a better market, and that a heavy rate of interest is being paid on advances drawn against the bullion. We can scarcely believe the story, but it does look as though a little investigation of what becomes of the bullion was in order.—Bulletin.

TENTH VOLUME.—The Reno Journal has entered upon its tenth volume. It is a bright, new exponent of Republican principles and deserves well the patronage of the people of Washoe county. Its editor evidently has the entire confidence of the people of his county, as his recent nomination for State Senator in lies. We wish the Journal and its editor many years of uninterrupted prosperity.—Esmeralda Herald.

\$75 REWARD.—I had a little brown American mare stolen with saddle and bridle from Reno, Saturday night, Oct. 12. She is very gentle and a handsome animal; no brands on her, but she has a cut on her left leg below the book that is not healed yet, and has white spots on her back; is about ten years old. I will give \$25 for the return of the mare, and \$50 for the arrest and conviction of the thief.

STRAYED OR STOLEN.—On the night of Oct. 9th, from the premises of Updike & Clark, one sorrel mare, 4 years old, branded with winecup brand on right shoulder; very little white on end of nose; weight about 800 lbs. Any person returning said mare to Updike & Clark, painters, Reno, Nev., will be liberally rewarded.
